

Reading 1: HTML and CSS

Before the class of April 9, you should understand and be familiar with the following materials about HTML and CSS. These topics will not be part of the course lectures.

If you followed the “Introduzione alle Applicazioni Web” course, or a similar course in your bachelor’s degree, or if you are already familiar with HTML and CSS development, you may skip this reading.

HTML

1. *Introduction to HTML*, up to (and including) the “Document and website structure” section: https://developer.mozilla.org/en-US/docs/Learn/HTML/Introduction_to_HTML
2. *Images in HTML*: https://developer.mozilla.org/en-US/docs/Learn/HTML/Multimedia_and_embedding/Images_in_HTML
3. *HTML tables*, up to (and including) the “HTML table advanced features and accessibility” section: <https://developer.mozilla.org/en-US/docs/Learn/HTML/Tables/Advanced>

CSS

1. *CSS First Steps*: https://developer.mozilla.org/en-US/docs/Learn/CSS/First_steps
2. *CSS Building Blocks*, up to (and including) the “Sizing items in CSS” section: https://developer.mozilla.org/en-US/docs/Learn/CSS/Building_blocks,
3. *CSS Layout*, up to (and including) the “Beginner's guide to media queries” section: https://developer.mozilla.org/en-US/docs/Learn/CSS/CSS_layout
